VK: [vitali\\_kulsha](#)

I work as a leading process engineer. Extensive experience in design and 3D modeling (KOMPAS, SolidWorks, Inventor, ProEngineer). I am developing in JAVA development. Completed the Java Basics Upskill online course at EPAM, as well as various webinars, marathons and free courses.

### Hard skills

Java SE/EE	Maven	SQL	Hibernate
Spring	HTML	REST	Servlet/JSP
Junit	CSS	MVC	IntelliJ IDEA
Git	JDBC	JS	

### Foreign languages

English — Elementary (Beginner)

### Education

BNTU | MEF  
«Tool production technology»  
Higher education | 09.2005 - 06.2011

### Courses

EPAM | Online | 11/20 - 03/21  
[Course "Java Basics"](#)

EPAM | Online | 03/21 - 05/22  
[Course "Java Basics Upskill Lab"](#)

ITVDN | Online | 07/21 - 09/21  
Course "Java Developer"

Certificates:  
[Java Starter](#)  
[Java EE Basics](#)  
[JDBC & Hibernate](#)  
[Git Basics](#)  
[Spring](#)  
[Spring Data](#)

STEPIK | Online | 05/22 - н.в.  
Certificates:  
[SQL](#)  
[WEB technologies](#)  
[Java web service part 1](#)  
[Java web service part 2](#)

Java Guru | Online | 02/21 - 03/21  
[Course "RPA \(telegram bot\)"](#)

ITEA | Online | 09/21 - 09/21  
[Course "HTML-marathon"](#)

### Soft skills

- Sociability
- A responsibility
- Quick learning
- Tenacity
- Organization
- Initiative

### Work experience

#### Leading Process Engineer

CJSC Belgee | Borisov district

08.2020 - until now

Ensuring the technology and quality of production of bodies in the welding workshop

#### Workshop foreman

CJSC Belgee | Borisov district

07.2016 - 08.2020

Personnel management, support for the production of bodies in the welding workshop

#### Process Engineer

LLC Belavtozapchast | Zhodino

02.2015 - 07.2016

Hydraulic cylinder production technology

#### Design engineer

LLC Snackpro | Smolevichi district

05.2013 - 01.2015

Design of units and mechanisms for the food industry

#### Design engineer

LLC Belavtozapchast | Zhodino

10.2010 - 05.2012

Construction of special devices and hydraulic cylinders

### Projects

#### REST API Application

«Library» app using Spring Boot and REST API with ability to change authors and categories.

[https://github.com/vitalikulsha/UpSkill\\_Lab1\\_JavaBasics/tree/master/WebBasicsREST](https://github.com/vitalikulsha/UpSkill_Lab1_JavaBasics/tree/master/WebBasicsREST)

#### Java web project using servlets and JSP

"Library" system with the ability to search and order books.

<https://github.com/vitalikulsha/JavaWebProject>

#### Console Application

Console application for creating/editing/viewing users and saving to a file. Without the use of third-party libraries and frameworks.

<https://github.com/vitalikulsha/user-catalog>

#### Telegram bot

Telegram bot in the form of a quiz
